Supplementary file 5. Comparison Between Codex and CCNFSDU Member State Representation by Country Income Level (2015-2019)

Figure S2 compares the mean percentage of member state representation at Codex Alimentarius Commission (Codex) meetings and Codex Committee on Nutrition and Foods for Special Dietary Uses (CCNFSDU) meetings from 2015-2019, according to country income level. The results show that low-income countries are under-represented at the CCNFSDU relative to Codex as a whole, and that high-income countries are over-represented at the CCNFSDU relative to Codex as a whole.

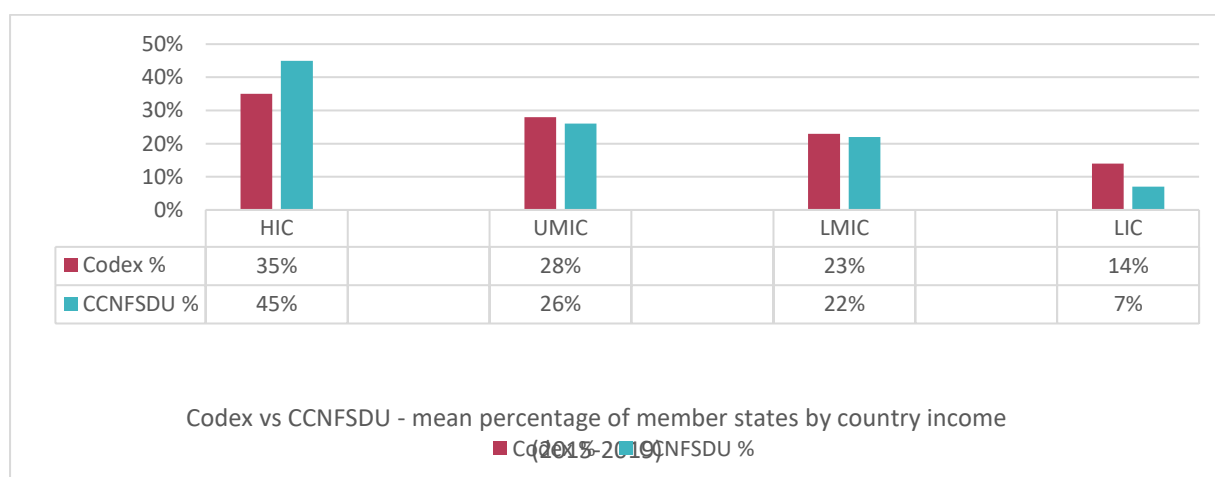

Figure S2. Mean percentage of member state delegations at Codex and CCNFSDU meetings based on country income (2015-2019). Abbreviations: CCNFSDU, Codex Committee on Nutrition and Foods for Special Dietary Uses; Codex, Codex Alimentarius Commission; HIC, high-income countries; UMIC, upper-middle-income countries; LMIC, lower-middle-income countries; LIC, low-income countries.
