Supplementary file 1. Data Abstraction Form

Variable (Definition)	Data Extracted
Province	
Health Region	
City/Community	
Institution name (Including Department)	
Document Author (s) (Please state the author(s) of the document)	
Document title (Exactly as documented)	
Source (Where was the document obtained?)	Select: Publicly available webpage [] Relevant Department/Institution [] Other (specify) -----
Link	
Page(s) if applicable	
Document Type	Select:

	Policy [] Directive [] Guideline [] Memo [] News Release/Update [] Other -----
Document Scope (What jurisdiction did the document pertain to?)	Select: Provincial [] Health Authority [] Institution [] Department [] Clinical Area [] Other (specify) -----
Document Date (DD-MMM-YYYY)	
Document Updated Date (DD-MMM-YYYY)	
Document Effective Date (DD-MMM-YYYY)	
Target Audience Category (Who was the document intended to provide guidance to?)	Select: Provincial policy maker [] Hospital policy maker [] Department policy maker [] Healthcare provider [] Patients [] Public [] Other (specify) -----
Document Target Audience (Please state who the document was intended for exactly as documented)	Free text
Policy Problem (Please state exactly as documented)	Free text
Policy Goal/Objective (Please state exactly as documented)	Free text
Policy Goal/Objective (category)	Select: Postpone non-urgent surgeries [] Resume non-urgent surgeries [] Triaging and prioritization of surgeries [] IPC/safety measures [] Reduce surgical backlog [] Other (specify)-----
Policy Content (Please abstract all relevant contents of the document)	Free text

Relevant Quotes	
Additional notes (Include other notes related to document as relevant e.g., reference to related documents or information to aid data analysis)	
Does the document describe measures to increase the capacity of the health system to cope with surgical backlogs?	Yes [] No []
If yes, what capacity domains are described	Infrastructure e.g., build, renovate, expand operating rooms etc. [] Staffing e.g., training, recruitment [] Technology e.g., virtual care/teleconferencing [] Administrative e.g., patient referral, patient flow [] Outsourcing e.g., private or out-of-province facilities [] Other (specify) -----
Does the document describe additional funding or budgetary allocation to cope with surgical backlogs?	Yes [] No []
If yes, estimated funds or budgetary allocation	
Does the document include any measures of performance of strategies?	Yes [] No []
If yes, please document measured performance exactly as contained in the document (including dates)
